Rochester 14, New York

Dear Ed,

Reference is made to your letter dated 11 July 1957 and Spare Parts Shipments #2 and #3 concerning shortages in the above shipments.

Shipment #2 - Item No. XD230-(2 each). Our records now indicate that we did receive the two (2) XD230 items.

Shipment #3 - Item No. XD116-(16 each). Our records now indicate that we did receive the total quantity of 16 each. Item No. XD439-(18 each). Our records now indicate that we did receive the total quantity of 18 each. Item No. XD465-(9 each). Our records now indicate that we did receive the total quantity of 9 each.

Ed, we deeply regret our error in reporting the above shipment short and the extra trouble we must have caused you. It seems that the shipment was split and the paper work accompanied the last half of the shipment. As result, some of the material was misidentified and reported short. However, a through search turned up the missing items and our records were adjusted to reflect a complete shipment.

25X1A Sincerely,

*XD 83-2-15A fusetrans still missing
